### **What happens if a student develops COVID symptoms?**

Students who develop COVID-19 symptoms will be sent to the nurses office where they will be further evaluated, parents will be notified, and follow up information will be provided.

### **What if a student or staff has tested positive for COVID?**

In the event there is an infection and/or exposure, we will follow the most updated [CDPH guidelines](#) and make decisions based on the San Diego County [COVID Decision Tree, K-12 schools](#)

### **Will parents be notified if there is a positive COVID case at GPA?**

Yes. If it has been determined that your child may have been exposed to someone who tested positive for COVID, you will be notified.

### **What if my child is exempt from wearing a face covering due to a medical condition?**

### **Will I be able to visit my child's classroom or be on campus as a parent?**
