Dear Gompers Preparatory Academy Parents, Guardians and Neighbors:

**Subject: Construction Underway on Gompers Preparatory Academy Gymnasium**

San Diego Unified School District has begun construction on the installation of a new gymnasium building at Gompers Preparatory Academy. This project is part of the district's capital improvement program funded by Propositions S & Z. The following information describes the project and outlines some of the upcoming construction activities.

**Gymnasium:** The project provides three new buildings connected by covered walkways. The gymnasium building serves as both an athletic facility and a multi-purpose room. It includes basketball courts, a stage that opens to the exterior courtyard, bleacher seating for approximately 900, and storage. Adjacent new buildings include public restrooms, a ticket booth, concession stand, dance room, and weight room. The project also provides an athletic track with jumping pit, a small training room, locker rooms, showers, and restrooms.

**What to expect:** Construction is sometimes disruptive, however the project team works closely with the school to minimize impacts to the campus and surrounding community. Construction access to the site will be from 47<sup>th</sup> Street, and we do not foresee substantial impacts along Hilltop Drive. Our contractors will do their best to limit noise, dust, and disruptions associated with the project. We appreciate your patience and understanding while Gompers Preparatory Academy is under construction.

**Estimated Completion:** Summer 2020

When the project is complete, the new facility at Gompers Preparatory Academy will benefit students and the surrounding community for many years to come. For more project details, please visit <https://fpcprojects.sandi.net> or contact Denyse Griffith, Construction Manager, at [dgriffith1@sandi.net](mailto:dgriffith1@sandi.net).

Sincerely,

Don Webb  
Director of Construction Management
