

Policies for Promoting Safe Environments for Student Learning and Engagement

1. Purpose and Scope

Gompers Preparatory Academy, a California nonprofit public benefit corporation that operates California public charter schools (“GPA” or the “School”), is committed to promoting safe environments for student learning and engagement. GPA ensures that the School is a safe and nurturing place for students that is free from fear, threats of violence, violent crimes, and sexual offenses committed by, or intended to be committed by, other students, employees, volunteers, and contractors. GPA also promotes safe environments for learning and engagement that are easily supervised through its facilities and furnishing of facilities. This policy is intended to meet the requirements of Education Code section 32100(b). GPA may work with its insurance provider, public entity risk pool, joint powers authority, or other relevant stakeholder(s) as applicable or as needed to identify and adopt best practices to prevent violent crimes, injury, sex offenses, and egregious misconduct. GPA’s Superintendent or designee is authorized to update this policy as needed to align with CDE guidance and/or applicable law.

2. Professional Boundaries and Appropriate Limits on Contact

GPA expects all employees, volunteers, contractors (collectively “EVCs”), and students to behave professionally and exercise good judgment when interacting with each other. In accordance with Education Code section 32100, this policy addresses professional boundaries (i) between students and EVCs, (ii) among and between students, and (iii) among and between EVCs, and (iv) establishes appropriate limits on contact during or outside of the school day between students and EVCs via social media internet platforms, text messaging, and other forms of communication that do not otherwise include the minor student’s parent or guardian.

This policy may not apply to interactions that take place between students and their own parents, legal guardians, or family members, where those individuals are also EVCs. However, EVCs who are parents, legal guardians, or family members of current students are expected to behave professionally in the school environment.

i. Professional Boundaries Between Students and EVCs

GPA expects its EVCs to maintain appropriate professional relationships with students and be sensitive to the appearance of impropriety in their conduct with students. EVCs are expected to avoid situations that could reasonably create suspicion by parents/guardians, students, colleagues, or GPA leadership, even where the EVC does not intend misconduct. Each EVC is responsible for exercising professional judgment and seeking guidance from a supervisor or GPA leadership when uncertain whether conduct may cross professional

Nothing in these policies prohibits or restricts employees from exercising their rights under the National Labor Relations Act (NLRA), or any other applicable law.

iv. Limits on Contact Between Students and EVCs via Social Media Internet Platforms, Text Messaging, and Other Forms of Communication

In addition to the general professional boundaries between students and EVCs described in Section (i) above, it is important to address reasonable limits on contact between students and EVCs during or outside of the school day via social media internet platforms, text messaging, and any other forms of communication (e.g. phone) that do not otherwise include the student's parent or guardian.

Communications between students and EVCs should be transparent, School-related, documentable, and accessible to parents/guardians:

- Students and EVCs may not communicate through 1:1 emails, text messages, instant messages, electronic or digital communications via any online or social media platform, phone calls, notes or letters, unless the communication serves a legitimate educational purpose and complies with the requirements herein.
 - If 1:1 communication by an EVC is permitted by GPA (e.g. for homework, meetings, coordination of athletics events, etc.), messages must be limited to logistics and necessary information (e.g. practice time, cancellations, etc.)
 - EVCs should not have personal or ongoing/lengthy private exchanges with students.
 - If a student sends a 1:1 non-routine message to an EVC, the EVC should loop-in the School and/or minor student's parent or guardian as appropriate.
 - No late-night messages. Appropriate hours for sending any 1:1 communications to a student, if warranted, are 7 AM to 10 PM unless otherwise approved by GPA.
 - "Disappearing messages" are never allowed between EVCs and students. EVCs and students may not communicate with each other through any medium designed to eliminate messages or hide or alter message history (e.g. Snapchat).
- EVCs may not "friend" or "follow" students on any social media accounts, and vice versa for students, except as expressly approved by GPA, e.g. on GPA-managed accounts or between family members.
- EVCs may not seek out or engage with students' personal posts (likes, comments, direct messages) on social media, and vice versa for students.

3. Safe, Supervised Environments: GPA Facilities and Online Settings

GPA operates a traditional classroom-based learning model. In the instructional setting, GPA promotes safe environments that are appropriate for learning and engagement and that can be effectively supervised, including when students use GPA online learning tools.

Physical environments used by GPA and/or GPA's vendors for in-person student activities should have:

- Clear lines of sight for adult supervision of students at all times, with no isolated, unsupervised, or hidden spaces or furnishings (e.g. no tall furniture blocking sightlines).
- Adequate lighting, both indoors and outdoors.
- Maintain a layout that supports orderly movement and emergency egress, with clear wayfinding signage, as appropriate for the space, so that students do not end up in unsupervised or restricted areas.
- Schedules and procedures shall ensure continuous supervision of students.
- Furnishings that are age appropriate, safe, and in good repair.
- Windows or vision panels on classroom doors, or open doors, as appropriate.

Online platforms used by GPA and/or GPA's vendors for virtual activities should have:

- Log-in credentials to restrict access to authorized users, prevent unauthorized entry, and protect student data and privacy.
- The ability for authorized staff to review activity occurring in the platform.
- Records or logs of communications, and reasonable controls on private or 1:1 interactions.
- Reasonable monitoring of chat, breakout rooms, and collaborative tools.
- Digital citizenship or similar rules of use.

GPA's vendors are responsible for reviewing their facilities, furnishings, online platforms, and supervision policies to ensure compliance with this policy.

4. Reporting Violations and Consequences

Any suspected violation of this policy should be reported immediately to GPA. Prompt reporting is essential to promote safe environments for student learning and engagement.

EVCs must also immediately report to GPA's Leadership Team any awareness of, or concern about, student behavior that crosses boundaries, or any situation in which a student appears to be at risk for sexual abuse.

Any violation of this policy may result in disciplinary action and may also be reported to relevant legal authorities, as appropriate.
